We call it Evolution. Naturally

74

Concept Design Performance Comfort Tech Specs

124

Nel Pershing 74 tutti gli stilemi che hanno reso inconfondibili i modelli della flotta trovano la loro naturale evoluzione: la finestratura della sovrastruttura, le ampie vetrate sulle murate, la grande porta a scomparsa che suddivide il pozzetto dal salone e naturalmente le performance inimitabili proprie di ogni yacht Pershing.

All the stylistic features that made the fleet's various models so unmistakable find their natural evolution in the Pershing 74: the superstructure window, the large windows in the bulwarks, the large retractable door that divides the cockpit from the lounge and, of course, the inimitable performance of all Pershing yachts.

在全新舰队中的不同游艇上所能标榜的迥异特色，都可以在Pershing 74追溯其源：上层建筑的全景窗、船体两侧的大型景观窗、分隔驾驶舱和沙龙的移门。当然，还有博星游艇共有的、无与伦比的性能。

今まで展開してきたモデルに独特のスタイルが、さりげない進化を遂げるPershing 74。上部構造の窓、側面の大窓、コックピットとホールを仕切るスライド式ドア、そしてもちろん、Pershingのヨットが誇る比類ないパフォーマンスを備えています。

Diretto discendente del glorioso Pershing 72, Pershing 74 accentua ulteriormente il profilo snello e slanciato del predecessore esaltando la vita a bordo e il concetto di abitabilità totale. Pershing 74 esprime la sua personalità spiccatamente open nei grandi volumi e nell'immensa luminosità, generate dalle ampie finestre laterali e culminante nel magnifico sun deck, accessibile da un tambuccio automatizzato e tramite scala centrale a scomparsa interamente realizzata in carbonio.

A direct descendant of the glorious Pershing 72, the Pershing 74 further accentuates the sleek, streamlined profile of its predecessor, enhancing life on board and the concept of total comfort. The Pershing 74 gives expression to its distinctly open personality in its large volumes and immense luminosity, generated by the large side windows and culminating in the magnificent sun deck, accessible through an automated hatch and through the fully retractable central staircase made entirely of carbon.

作为深受欢迎的Pershing 72的直系进阶版，Pershing 74进一步强化了修长、流线的轮廓，并增添了船上生活以及各方面的舒适度。通过宽大的侧窗和顶部巨大的阳光甲板，Pershing 74以大空间和明亮度彰显自身与众不同的外向个性。顶部的阳光甲板可以通过自动开合的舱口以及中间可遁形的舷梯抵达。

栄誉あるPershing 72に次ぐものとして設計されたPershing 74は、元来のスマートなラインをより一層強調しながら、「過ごしやすさ」というコンセプトを全面的に見直すことで居心地の良さを改善。広々として開放感のある空間に、側面の大窓からたっぷりと光が射し込むのがPershing 74の魅力です。サンデッキには、電動階段、または中央にあるカーボンファイバー100%の格納式はしごを使用してアクセスすることができます。

(*) I dati prestazionali sono indicativi e riferiti all'allestimento dell'imbarcazione in versione standard, a dislocamento di 48,45 t / 106814 lb, corrispondente ad 1/3 del carico. I dati sono previsti per condizioni di mare calmo, assenza di vento, temperatura dell'aria 25 °C, carena pulita ed eliche appositamente tarate per queste condizioni e 6 persone a bordo. Sovraccaricando la barca di 1 t / 2205 lb si ha una perdita di velocità massima pari a 1 nodo. Questa brochure non ha valore o certificazione legale.

(*) Performances are approximated and they refer to the standard equipment of the boat, at 1/3 of load corresponding to 48,45 t / 106814 lb, performances estimated at the following conditions: calm sea, absence of wind, 25 °C air temperature, clean hull and special propellers setted for those conditions and 6 people on board. Overloading the yacht by 1 t / 2205 lb top speed decreases of 1 knot. This brochure has no legal or certification value whatsoever.

(*) 性能数据仅供参考，并根据以下条件进行评估：游艇在标准配置下，1/3载重排水量为48.45吨/106,814磅时，海面平静，无风，气温25°C，船体干净，并已根据上述条件对螺旋桨进行了针对性调整，船载6人的情况下，则游艇每过载1.0吨/2,205磅时，游艇最大航速降低1节。本画册不具有法律或认证效力。

Hull, propulsion and technical project: Ferretti Group engineering department - Yacht designer: Fulvio De Simoni
--

A dark, moody photograph showing the side profile of a Pershing yacht. The hull is a deep, dark color, possibly black or dark blue, and is shown moving through dark, choppy water. The lighting is low, creating a dramatic and sophisticated atmosphere.
